Course Summary

| | |
|-----------------------------|---|
| Course Description | Employment and Career Seminar 1 (취창업·진로세미나1) is a course designed to help you make the most out of your college experience so that you can successfully transition to a fulfilling career most appropriate for you. Focus is placed on how to find the best career path based on a number of variables including your major, your interests, your values, and your skill set. There will be a number of introspective activities in this course that are designed to bring out your unique skills and knowledge, and help you in the process of preparing for a career after college. Some specific areas of focus include using appropriate resources to plan for a career, knowing the employment landscape, and highlighting your strengths through the development of a resume. |
| Description Related Courses | Although lectures are a component of the course, they will be integrated with discussions, activities, assignments, and group work. The DKU e-learning campus will be used as an online portion of the class, where assignments can be completed. I believe it is my job to h |

| | <p>elp you understand the content of this class, and I will do my best to do so. If you are having any problems, or feel I can help you in any way, please feel free to contact me anytime.</p> <p>It is also important to note that there will be several times throughout the semester in which a special instructor will appear and present information from a Korean employment and career perspective.</p> |
| Course Goals | <p>This course is basically designed to help you gain insight on ways in which you can successfully transition from college to career. The main focus of evaluation is on displaying your ability to apply concepts to real-life situations in ways that will promote a successful career path in post-college life. Although the class is taught in English, this is not a grammar class, and emphasis is placed on the development of your ideas through the principles associated with career success. I will do my best to ensure that effective communication takes place throughout the course.</p> |
| Projected Results | <p>By the end of the semester, you should be able to effectively take steps that will eventually lead you down the path of a successful career. These steps include taking advantage of appropriate resources, gaining knowledge in regards to statistical data that can ensure success in achieving your career goals, and gaining an understanding of the appropriate steps needed to start a career after college.</p> |
| Percentage of the original language classes(%) | <p>For the most part, this course will be taught completely in English. This class uses English as the medium of instruction (EMI), so it is expected that the students taking this class are fluent English speakers. I understand that a majority of the students are not native English speakers, so I will do my best to communicate in a clear manner. If there are any issues in understanding the lesson due to any language barriers, don't hesitate to ask me to clarify anything that may be difficult for you to understand.</p> |

Memo

The curriculum for this class is based on the textbook, but additional materials will be used as well. Although the textbook is used as a framework, we will not cover the book page by page. Depending on the pace of this course, the semester plan is subject to change. If you miss a class, please remember to check the LMS for materials and notes that were used during your absence, as they serve as a good indicator of what you will be assessed on.
